

# Summer Psychology

## *Task*

Choose one of the famous psychologists from the list below. You should research their life and produce a biography that includes:

- Their childhood
- How they became a psychologist
- One of their theories
- One example of a study they did or their practices (e.g. how they tried to support people with regards to their mental health)

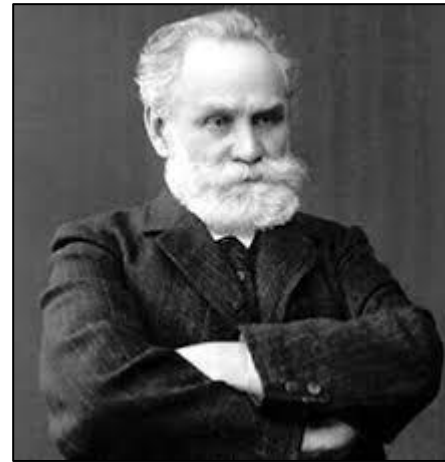

You will share your findings with other students when classes begin in September.

Sigmund Freud

Philip Zimbardo

Ivan Pavlov

Stanley Milgram
